

## Research Disclaimer

**The following Research Disclaimer appears on all research produced by Oriel Securities.**

Additional information with respect to any security referred to herein may be made available on request. This research material is a marketing communication. It is not investment research and has not been prepared in accordance with legal requirements designed to promote investment research independence and is also not subject to any prohibition on dealing ahead of the dissemination of investment research.

This material is for the general information of clients of Oriel Securities Limited ("Oriel Securities") only. It does not take into account the particular investment objectives, financial situation or needs of individual clients. Before acting on any advice or recommendations in this material, clients should consider whether it is suitable for their particular circumstances and, if necessary, seek professional advice. This material should not be construed in any circumstances as an offer to sell or solicitation of any offer to buy any security or other financial instrument, nor shall it, or the fact of its distribution, form the basis of, or be relied upon in connection with, any contract relating to such action. This material is based on information that we consider reliable, but we do not warrant or represent (expressly or impliedly) that it is accurate, complete, not misleading or as to its fitness for the purpose intended and it should not be relied upon as such. Opinions expressed are our current opinions as of the date appearing on this material only. We endeavour to update the material in this report on a timely basis, but regulatory compliance or other reasons may prevent us from doing so.

Oriel Securities or its employees may from time to time have long or short positions in securities, warrants, futures, options, derivatives or other financial instruments referred to in this material. Where Oriel Securities designates research material to be Unconnected, or designates it as Connected, these terms are as used in Oriel Securities' Research Policy. This policy is summarised on Oriel Securities' website at <http://www.orielsecurities.com/x/disclosures.html> and is available from the Compliance Officer at Oriel Securities. In relation to Unconnected research material, the analyst is unaware of any contractual relationship between Oriel Securities and the issuer (either because none exists or because of the operation of Oriel Securities' Chinese Wall policy). In relation to Connected research material, Oriel Securities has a contractual relationship with the issuer as broker and/or financial adviser and, as a result, Oriel Securities may have a conflict of interest that could affect the objectivity of this material.

Oriel Securities has published a Conflicts of Interest Policy that is available at <http://www.orielsecurities.com/x/conflict.html>, which describes the organisational and administrative arrangements for the prevention and avoidance of conflicts of interest.

Further disclosures required under the FSA Conduct of Business Sourcebook 12.4 may be accessed via <http://www.orielsecurities.com/x/disclosures.html>. Unless otherwise stated, share prices provided within this material are as at the close of business on the day prior to the date of the material.

Neither the whole nor any part of this material may be duplicated in any form or by any means. Neither should any of this material be redistributed or disclosed to anyone without the prior consent of Oriel Securities. Oriel Securities accepts no liability whatsoever for any direct, indirect or consequential loss or damage of any kind arising out of the use of all or any of this material.

The services, securities and investments discussed in this material may not be available to nor suitable for all investors. Investors should make their own investment decisions based upon their own financial objectives and financial resources and it should be noted that investment involves risk, including the risk of capital loss. Past performance is no guide to future performance. In relation to securities denominated in foreign currency, movements in exchange rates will have an effect on the value, either favourable or unfavourable.
